

VIDEO & DVD REQUIREMENTS SCHOOLS SPECTACULAR 2008

1. Initial audition is by video, except for:
 - Featured Artists from the 2007 Schools Spectacular
 - Current Talented Development Project Members
 - Videos submitted previously for the Choral Concert series, 2008
2. **Videos must be in a VHS or DVD Format.** Other formats may not be able to be viewed, which could jeopardise your school's chances of being accepted
3. **Ensure that the quality of the Video/DVD shows your performers in their best light.** Ensure that the video does play and has good quality sound. Wind video tape to the start of the item. It can be difficult to locate items in the middle of a tape!
4. **Only one category on one tape. Do not put multiple categories on one video.** The first item on the tape is the one that will be viewed by the panel. Since the varying panels for the different categories sit concurrently, a tape with several different categories will only have the first viewed.
5. A separate video and identification slip is needed for each nomination. **One Video Identification Slip per Video/DVD.** Cut out the **relevant** video identification slip and securely attach it to the VHS cassette or DVD. The item on the video may only contain the category stated on the video slip. Photocopy as many video identification slips as you require.
Ensure that the slip is securely attached.
6. Item duration 3-4 minutes.
7. If you have any questions, please do not hesitate to call Jenni Laird, Operations Manager on 02 8512 1192.

NOTE: Audition videos will not be returned to students or schools. Please retain a copy for your own records.
